

Dreamscene Video Wallpaper 2.58

The screenshot shows the SatelliteDirect v9.25.1.1 application window. The interface includes a top navigation bar with buttons for Play, Switch TV, Switch Radio, Live Sports, Favorites, Watch Movies, Premium TV, and Search. A left sidebar displays a list of channels for Albania. The main area contains several columns of text explaining the functionality of each button and the channel list. A 'Need Help?' chat window is visible in the bottom right corner.

Other Features - top of TV player

- Full Screen.** When a show is playing, click Full Screen to enlarge the entire TV player screen or when a different TV player appears inside the black area at left, you must click that player's Full Screen.
- Update.** Click to automatically update channels and TV player. This only works when the service updates its database.
- Chat Live Now.** This is self-explanatory.
- Contact Support.** Self-explanatory.
- How Do I?** Click for help with the TV player software.

Play/Stop TV Channel or Radio Station

Switch to TV Channels - See left panel where all channels appear.

Switch to Radio Stations - See left panel where all stations appear.

Click Live Sports to display all live and on-demand sports channels - see left panel where all sports channels appear.

Click to find a channel or station already saved to Favorites.

Optional service if you want it. Additional fee required if you want more channels. However, I don't recommend this. I had some problems with this software. This is the Satellite Direct Advance version.

Click to search for a particular channel or station. See "Select Country" in left panel. It changes into a search bar when you click "Search" at top.

This black section you see here is where the TV Player plays channels, radio stations, and sports. Sometimes different TV players appear here, depending on the program you want to watch.

There are more features that my screen capture couldn't show you. When clicking a channel in the left panel a pop up window appears that allow you to Add to Favorites and Update/Rate a Channel.
